Sub: Invitation of partnership in Neem Project

In order to fulfill Hon'ble Prime Minister's vision of 100% Neem coating of Urea, Gujarat Narmada Valley Fertilizers & Chemicals Limited (GNFC) undertook an innovative multidimensional socio economic Neem Project in 2015. **GNFC Neem Project by collecting over 45,000 MT of Neem seeds has generated over INR 45 crore income for 4.5 lakh women.** In the last three years, it has expanded to other states namely Rajasthan, Maharashtra, Madhya Pradesh, Karnataka, etc. **Recently, on 8th October 2017, Hon'ble Prime Minister inaugurated GNFC's Neem complex consisting of various Neem product plants. Hon'ble Prime Minister, in his address on this occasion in Bharuch has extensively praised the Neem products of GNFC.**

This year GNFC intends to collect 35,000 MT Neem seeds from Gujarat, Rajasthan, Madhya Pradesh, Karnataka, Maharashtra and Uttar Pradesh.

In Uttar Pradesh, GNFC has partnered with IFFCO to mobilise women for Neem seeds collection. Along with the Cooperative Rural Development Trust (CORDET) of IFFCO, it is intended to collect around 5000-10,000 MT of Neem seeds from hundreds of villages of Uttar Pradesh, especially in the districts of Hardoi, Sitapur, Barabanki, Raebareli, Amethi, Sultanpur, Farukhabad, Jhansi, Kanpur, Allahabad and many more. To ensure that income is generated for the thousands of women, GNFC will supply these Neem seeds to Neem oil expelling plant set up by IFFCO at Phulpur, as per the mutually acceptable prevailing market rates. GNFC has also entered into Memorandum of Understanding (MoU) with Indo Gulf Fertilizers Ltd. to cater their required Neem oil quantity for coating of Urea at mutually agreed rates.

For Uttar Pradesh, Rajasthan and Madhya Pradesh, GNFC intends to collaborate with NGOs / Organisations for Neem seeds collection. As Neem Project is a model to be emulated for rural livelihood generation activity, it is aligned with NGOs' area of expertise. We strongly believe that such a partnership will complement the impact at your organisation, especially by contributing to education, community health, and by employment generation.
